What the Bible
says to us
about our
bodies/sex/
gender

Dividing the human race into two genders, male and female – one or the other, not both, and not one then the other – is not the invention of Victorian prudes or patriarchal oafs. It was God's idea.'

Kevin DeYoung

What the Bible
says to us
about our

gender

“Pink being a more decided and stronger colour, is more suitable for the boy, while blue, which is more delicate and dainty, is prettier for the girl.”

Ladies Home Journal 1918

Transgender + Gender dysphoria

“individuals with gender dysphoria experience real feelings of distress about their gender identity. These are authentic experiences, where their heart’s desire is telling them one thing about themselves while their body is saying something else.”

Andrew Walker.

How does Romans 8:18-25 help us
answer why people may have these
issues?

Does the bible offer any hope?

“Chromosomes cannot be re-engineered, removed or scrubbed from the software of our bodies... A trans woman can grow his hair long and wear high heels and pump estrogen into his body. And a trans man can cut their hair short, and force testosterone in her body. All of this is an active pushing against the body’s internal software. Unable to decode ourselves from the genetics of our physical becoming, we are left to rearrange anatomical aesthetics and coerce ourselves in a direction that runs against nature.” Tony Reinke
